

Our Cell Phone Recycling Program

Used cell phones can be used as 911 phones or to help provide funds for programs. In both cases, victims of relationship abuse will benefit.

Our cell phone fundraiser program is sponsored by Shelter Alliance (www.shelteralliance.net), a program of cell phone recycling company GRC Wireless Recycling (www.grcrecycling.com). Through Shelter Alliance, nonprofit organizations raise funds through the collection & recycling of used cell phones, and businesses & consumers donate & recycle cell phones to benefit nonprofit participants.

You may drop your used cell phone, regardless of age or condition, at The Friendship Center or any Valley Bank branch in Helena or East Helena. Other drop-off locations are: Fireside Coffee, Lewis and Clark Public Library, Heritage Food Store in East Helena, Our Redeemers' Lutheran Church, the Real Food Store, Wheat Montana and the Bagel Company on 11th Ave.

Please contact The Friendship Center if your agency or organization would like to have a collection box.

Many thanks to Soroptimist International of Helena <http://www.sihelena.org/> for their assistance with this program. All proceeds from this recycling program directly benefit local victims of sexual assault and domestic violence.
